

Leadership Volunteer Opportunities

Volunteering is an investment in the community - and in your growth as a leader. Engaging in the community is an effective way to enhance your leadership skills and put your name and business in front of influential members of the community.

Community Impact:

Work Readiness Initiative

The Work Readiness Initiative of the Clermont Chamber of Commerce Foundation is a collaborative effort of business and non-profit leaders who want to partner with educators to prepare students to be “work ready” through training/mentoring, resource/expertise sharing, and filling the needs of educators/students as they arise.

Gather on the Green (Golf Outing)

Plans and executes the Gather on the Green event for golfers who enjoy the sport and want to take advantage of the opportunity to network with key business people, civic leaders, and local officials.

Marketing:

Marketing Roundtable Committee

Plans and executes quarterly marketing roundtable events as well as other major events throughout the year. Provides support for other businesses in the community looking to expand their marketing efforts.

Business Support:

Membership Development Council

Plans and executes membership growth plan consistent with Chamber major initiatives, to assist with membership retention and expansion.

Women’s Initiative Network

Create a meaningful program to meet the needs of female members and to implement the women’s events throughout the year.

Pacesetter Awards Dinner

Plans and executes the annual Pacesetter Awards Dinner that honors three outstanding community and business members each year.

Annual Meeting

Plans and executes the Annual Meeting and Small Business Awards Luncheon where emerging and innovative businesses are recognized for their outstanding service to the community.

Government Affairs Council

Support business at the local, state, and federal levels of government and to establish a strong collective voice for the business community through research and development of new initiatives.
